Organization sends energy bills and IFF conducts on-site facility energy assessment

Energy assessment returned within 4 weeks

CDFI

Organization, City of
Bloomington, IFF energy
assessor and if relevant,
lenders meet with
program participant to
discuss energy
assessment and project
goals.

Organization selects approved contractor for project, receives project quote, and signs \$10,000 grant agrement.

Funds are dispersed on reimbursement basis.

When project install is complete, City of Bloomington staff meets organization for walk through and close out interview.

Six months after install organization provides utility information to determine impact.
